

## Father Land Goldens

Thank you for your interest in a puppy from Father Land Goldens. I hope you will find many years of quality, canine companionship with your new pup. It is important for you to be ready for a new pup as well as understand the necessary commitment that comes with bringing home a fur baby. It's a lot of joy, but also a lot of work! You will be provided with many handouts to help you get started, but first let's see if a golden is the right fit for your family. Please answer some questions.

- 1) Have you ever owned a Golden Retriever?
- 2) Are there any other pets in your home? If so, age and type?
- 3) Do you have children? If so, age(s)?
- 4) What does your daily routine look like?
- 5) Will you be able to provide enough exercise for your new pup, especially as he or she grows? How much exercise do you believe your dog may get? A couple games of fetch can be a great way to provide some exercise!
- 6) Do you have a fenced in yard (required)? A wireless fence is a great option. Pups, especially when they reach 5-6 months, will start to explore more and more!
- 7) Will you be able to provide proper veterinary care.
- 8) Are you willing to take on the responsibility of training your new pup? They may be cute and fluffy now, but without training, they can quickly become very unbehaved and bothersome. It will take some work!
- 9) Finally, why do you want a new pup?

Thanks so much for taking the time to answer these questions!

You can send your answers via mail or email.

I'm sure you and your new pup will be a great match, and I look forward to providing you with a Father Land Pup. Best,

Bridget Patria
