

Private Dog Training
Providing you with the knowledge and skills to train your dog
Father Land Training
Catch Certified Dog Trainer Bridget Patria

I help you to organize and meet your goals with your dog's training.

This looks different for each person and dog. Maybe you'd like....

- > A dog that walks politely on leash
- > A dog that doesn't chew on everything
- > A dog that has house manners

Whatever it is, together we will come up with a plan to reach those goals.

To begin with, we will have an initial consultation to go over your goals, evaluate your dog, and come up with a training plan. Plan for 2 hours.

Cost: \$175

After the consultation we will get started on the training using one of the packages offered:

- > 4 one hour sessions is \$400 Supplies/Treats additional \$40.00
- > 6 one hour sessions \$575.00 Supplies/Treats additional \$75.00

Depending on your dog's progress and any additional training you may desire, an extended amount of time for an additional fee may be added onto any package.

What do the training packages include?

A training package will be tailored to you and your dog's needs and may include all types of things, including...

- Puppy Training beginner and advanced
- > House training
- > House Manners
- > Polite Loose Leash Walking
- > No Beg
- etc....

A puppy is always learning and we can take advantage of the impressionable puppy by instilling polite behavior right from the start!

- Basic and advanced obedience training

No matter your dog's age, having a well behaved dog will benefit you and your canine companion. We will work together to help you become the benevolent leader to a well mannered pup.

- Loose Leash Walking

Dogs need exercise, and so do we, but a walk with your dog can turn into an arm workout for you if your dog pulls. Using management and techniques, I will help you take you and your dog's walk back to an enjoyable stroll.

These are just some of the examples of what may be included in your training package.

To get started, call or email Bridget Patria at 603-803-1035 and gldngrit1@gmail.com

Please note that I do not take aggression cases (I do work with leash reactive dogs) at this time and will refer you to another trainer.
